Cheviot

The Ultimate Premium reinforced acrylic bath

Infinitacast baths are the ultimate premium bath, hand finished in the UK to the most exacting of standards. They are rigid, durable, strong and with a reassuring weight are perfect for all bathrooms, regardless of bath style chosen. The versatility of the materials used, the advanced manufacturing process and the quality of our craftsmanship means that Infinitacast baths can be designed in beautiful sculptural shapes that suit the contemporary bathroom.

Made from a high quality acrylic, the baths are reinforced with 7 layers of hand applied fibreglass core matting and resin bonding. The timber framed bath rims and bath bases are fully encapsulated in fibreglass matting and resin bonding providing extra rigidity, meaning the bath will not 'flex' when you step in.

Cast

Reinforced acrylic bath

All cast baths are constructed by both hand and automated processes, for efficiency and speed. The first process is to form the bath from high quality 5mm acrylic, we then add a full timber supporting frame to both the base of the bath and the underside of the rim. This creates a strong base so we can then apply a fibreglass sprayed layer, encapsulating the timber frame creating a durable and strong bath. Finally the bath is coated with a mix of resin and grey paint, which provides a smooth and strong final bonded surface.

MF2C8KIT

There are a number of different styles of brace bars which can be used with the 8mm and 10mm glass thickness Wetroom Panels. On offer, are all configurations that may be required, each can be cut and trimmed to the necessary size during installation to allow maximum flexibility and use of space. Bracing kits are used to provide added support for the glass and ensure that it is securely fitted in place. Within this range there is something to suit all enclosure styles, your bathroom area and your preference, to present the highest level of stability. The square brace bars have the added benefit of being

Deflector Panel Features

Deflector panels can be added to your wetroom panel to increase the water integrity for your wetroom. Select between fixed or pivoting deflector panels The pivoting deflector panel rotates through 180° with a smooth pivot motion, it is reversible and when not in use be folded flat against the glass to improve access into the shower. The fixed deflector panel is supplied with a chromed brass foot with a soft rubber base which is cut down to size on site to suit the shower tray, with a height of 2000mm and available in 8mm or 10mm glass thickness the deflector panel makes it an ideal addition to your wetroom.

Life of Tiles

Step by Step Guide

Choose the right wetroom tray

Infinita wetroom trays come in 19 sizes – simply choose the one that matches your wetroom area. The trays can be cut to size to accommodate awkward or unusual footprints.

Select the drain and choose your finish

The system works with the BBA approved Purus drains. You have a choice between a stainless steel grate or a tile insert for the drain finish.

Choose your waterproof board

All plasterboard within the wetroom area must be replaced with our tile backer board to ensure smooth installation and waterproof integrity. Tile backer board can also be used on floors within the wetroom area.

The Infinita wetroom system makes it easy to install high specification, watertight wetrooms. At the core of the

for both commercial and domestic use, the systems are ideal for family homes, hotels and healthcare facilities.

system is the wetroom tray, engineered for safety and integrity, yet easy to adapt to any wetroom footprint. Perfect

Important! Waterproof your wetroom

Infinita uses a simple-to-apply tanking system to make sure your wetroom remains watertight.

GRP Wetrooms

Manufactured from GRP with a stone resin core the Infinita system is designed for fast, straight forward installation. GRP wetroom shower trays are super strong and can be installed both on timber floors and concrete floors without the requirement of any support.

- O Manufactured in GB with up to 30% recycled material
- O Suitable for tiles, micro cement and vinyl installation
- $\,\circ\,$ Suitable for concrete and timber installations
- O Supports up to 470kg in weight across 400mm joists
- Only 22_{mm} thick allowing for flush to floor installation
- O Can be cut to size for those unusually shaped areas

Anti-Slip Trays

The Anti-Slip tray lends itself to the latest bathroom trends and achieves all the benefits of a solid cast stone tray. The new Anti-Slip surface is easy to maintain and provides a safer, stable showering experience. Ease of installation is achieved with a contoured underside for leg location.

Tray Features

- o 40% lighter than a high wall stone resin tray
- 40_{mm} height
- O A simple stylish tray which delivers high quality looks and functionality
- O Anti-Slip material (tested in accordance with British Standard BS7976:2 Pendulum slip test)
- O The sleek Low Profile design is available in many special shapes and sizes
- O Suitable for most types of enclosure
- O Complies with BS EN 14527:2016
- O Designed for 90mm High-Flo Waste
- Made with Phthalate free materials

Waste Features

- Complete with offset elbow
- Vented dome to allow higher flow
- Quick release inner unit
- Easy to clean and maintain
- O Enables water to flow from the shower tray at a rate of 32 litres per min

Step By Step Guide	216
Door Style and Finish and Handle Options	217
Worktop Options	218
Basin Options	219
Cabinet Options Flush Style	220 - 221
Cabinet Options Shaker Style	222 - 223
Cabinet Options Formed Style	224
Sanitaryware and Plinths and Panels	225
Cabinets	226
Mirrors Lighting Rath Danels and Tans	227

1.) Door Style and Finish

Choose your preferred cabinet and depth of unit from either our Flush, Shaker or Formed range. Then choose your desired door colour to front your standard or space-saving slim depth units.

(2.) Handle Options

Follow our step by step guide to build your bathroom

Choose your handle style from the seven available options.

(3.) Worktop and Basin Options

Select a worktop from either our solid surface or laminate options and a semi countertop basin. Alternatively, for a sleek contemporary look, opt for our Isocast worktops with integrated basin, available to fit both standard and slim units.

(4.) Cabinets

Choose your preferred cabinet and depth of unit from either our Flush, Shaker or Formed range.

(5.) Sanitaryware Options

Choose your Infinita sanitaryware. See pages 136 - 167.

(6.) Plinths and Panels

Select a plinth to fit your furniture run and any panels you may need. Filler panels can be cut down and used with a worktop to fill a void in a wall-to-wall installation.

(7.) Mirrors and Cabinets

Choose your preferred mirror or cabinet, see pages 230 - 245. Also add any useful wall cabinets.

(8.) Lighting

Select a stylish lighting option.

(9.) Bath Panels

Select a co-ordinating bath panel.

(10.) Tap Options

Complete your bathroom with the addition of an Infinita basin mixer. See pages 40 - 61.

01 | Door Style and Finish

Select your door style, Flush, Shaker or Formed and your finish colour.

Standard Depth Units – 353mm | Slim Depth Units – 218mm

Pineto White Toilet Seat

547194

SolidFix®

(Duroplast

TakeOff®- With our practical TakeOff® hinges, the toilet seat can easily be removed and re-attached without the need for any additional tools or any mechanical feature to push.

Duroplast - Duroplast toilet seats are extremely robust, scratch resistant and have extraordinary surface hardness. Duroplast toilet seats have a smooth and non-porous surface. This makes it much easier to clean the seat and lid.

SoftClose®- The practical SoftClose® Solution allows the toilet lid to be closed silently, gently and comfortably with just a tap of the finger - slowly, smoothly and evenly.

SolidFix®- Our high-quality hinges are made of stainless steel and are the basis of our toilet seats' reliable hold and accurate fit. Secure fastening through our reliable installation solutions prevents sideways movement of the toilet seat.

TopFix- the TopFix hinge solution enables convenient mounting from the top. The solid fixing nut and the stainless steel thread ensure additional fastening and the highest stability.

ExCenter - Our flexibly adjustable ExCenter stainlesssteel hinges attach our toilet seats to all standard toilet models. This is because the metal hinges can be moved in four directions, impressing with their high degree of flexibility.

Standard Hinge (cranked)

372mm

£39.99

Capella – With its clean lines and chrome finish, Capella is a stunning contemporary addition to your bathroom. The light provides 'daylight' illumination for a radiant, natural-feeling glow.

Marine – Marine's flared design gently disperses radiant light across the surfaces of your bathroom.

Shine – Offering crisp 'daylight' illumination, the ultra-modern Shine will light your bathroom brilliantly. This ceiling light is the obvious choice if you want to show your space in the best possible light.

Features

- LED Illumination
- O IP44 Rated: Suitable for use in bathrooms
- Stylish design

Stay connected even in your bathroom with Bluetooth® speakers

Tecno Features

Tecno features a **Bluetooth®** enabled speaker that allows you to play your favourite music, podcast or audiobook straight from your device. A remote control means you can adjust the volume, skip a track and even change the dimmable LED light from cool white to warm white and through a spectrum of red, green and blue hues; creating a whole new level of ambience. This groundbreaking light helps you personalise your bathroom experience, setting the tone for an energetic morning routine or an indulgent evening pamper.

- O Remote control operation lighting and music
- **Bluetooth®** connectivity with compatible devices
- $\, \circ \, \, \text{Hand blown glass shade} \,$
- O Colour temperature changing LED illumination
- 1555lm max
- O Dimma
- o 12 RGB colour options
- 6w speaker
- O IP44 Rated: Suitable for use in bathrooms

Circle Flush Plate Chrome

210(w) x 137(h) mm

MDLK011 £60.99

With a simple wave of the hand, hygienic, contactless flushing is now here for close coupled WCs. Two sizes are available depending on the size of the flush button hole in the cistern lid. The button kits have been designed to retro-fit to existing WCs which have paddle operated flush valves.

For cisterns which have pneumatic or cable operated flush valves, or where the button screws in directly to the flush valve, then the flush valve will also need to be swapped to our MDLK029 valve which has a 2" base.

Can be used with the following ranges:

MDLK027 - Ø38mm MDLK028 - Ø48mm

- Amalfi Lucca Rapello
- Siena Dauphin Lenore

Contactless Sensor Flush Plate (In-Wall) 210(w) x 137(h) mm

MDLK022

£215.99

- Recommended for in-wall installations
- Contactless flushing
- Powered by 4 x AA batteries (easy to change, no tools required)
- O Low battery power alarm (battery life in excess of 1 year)
- Dual flush
- Manual override flush
- Illuminates on operation
- Use on wall hung frames and In-wall cistern (not compatible with slim depth furniture)

Touch Sensor Flush Plate (Furniture Use)

210(w) x 137(h) mm

MDLK014

£215.99

- Recommended for furniture or lower height installations
- Touch operated to prevent inadvertent use
- Powered by 4 x AA batteries (easy to change, no tools required)
- Low battery power alarm (battery life in excess of 1 year)
- Dual flush
- Manual override flush
- Illuminates on operation
- O Use on wall hung frames and In-wall cistern

(not compatible with slim depth furniture)

Square Flush Plate Stainless Steel 210(w) x 137(h) mm MDLK017 £144.99

Warmup DCM-PRO

The DCM-PRO is the fastest solution for the installation of a heated decoupling system in all areas, installing electric underfloor heating in minutes with less tile adhesive because of its self-adhesive backing.

- O The fastest to install heated decoupling system
- Installs in minutes with less adhesive
- Can be used with all floor types

INDCPC1	DCM-PRO Cable 150w 10.9m for 1m²	£143.99
INDCPC2	DCM-PRO Cable 300w 21.8m for 2m ²	£188.99
INDCPC3	DCM-PRO Cable 450w 32.7m for 3m ²	£238.99

INDCMM15	DCM-PRO Mat 15m²	£406.99

Warmup Thermostats

Choosing the correct thermostat is crucial to ensuring that your heating system works effectively, efficiently and easily. To provide you and your home with an optimum heating experience, Warmup offers a wide range of underfloor heating controllers from simple manual thermostats to the latest, remotely accessible Smart Thermostats.

INELTPW	Warmup Tempo Thermostat – Porcelain White	113(w) x 90(h) x 23(d)	£140.99
INELM01WHRG	Warmup Element WiFi Light Thermostat – White	86(w) x 86(h) x 16(d)	£253.99
INWU6iEOB	Warmup 6iE WiFi Thermostat – Onyx Black	90(w) x 115(h) x 16(d)	£344.99

Warmup Insulation Board

Insulation boards are ideal for use with electric underfloor heating as they prevent the heat from the heating system escaping downwards to the subfloor. The Warmup Insulation Boards do not let the heat pass through from the heater to the subfloor. Therefore the heat gets pushed upwards, onto the floor surface where you want the heat to go.

INSBRD6-1	Warmup 6mm Insulation Board	1250 x 600 mm	£30.99
INSBRD10-1	Warmup 10 _{mm} Insulation Board	1250 x 600 mm	£28.99

Warmup MyHeating App

Help your customers get the most out of their 6iE Wireless Smart Thermostat: all they need to do is download Warmup's MyHeating app for their smartphone. MyHeating enables unique features such as SmartGeo™, energy usage and running cost data, thermostat personalisation and remote heating control. Available on iOS, Android and with some functionality through your MyWarmup account on web browsers.

Notes and Plotter

En-suite

Transform your en-suite into a tranquil retreat with modular furniture options that maximise every inch of additional space. Custom-made solutions can perfectly complement the individual needs of your bathroom, delivering a bespoke look with maximum storage capacity to contain your clutter.

Family Bathroom

Sharing a family bathroom requires a carefully planned space. Keep in mind the number of people who will be using the room. Choosing the right furniture and storage is vital to contain the clutter and ensure a stylich space.

Measuring your Bathroom

- 1. Draw a basic outline plan of the room you can choose to measure in imperial or metric units but remember to keep the method of measuring consistent.
- 2. Mark the positions of key features on the room plan such as windows, doors, boilers and radiators.
- 3. Note the measurements of all walls, ensuring that you include the length of features such as windows and doors. Remember to include the measurement from the corner of the wall to the start of the window or door.
- 4. Measure any existing bathroom furniture that you intend to keep and note their position if you don't plan to move them.

Plan your Own Bathroom
